Dear Dr. Furst:

Many thanks for your letter with regard to Dr. Pritchett's approval of granting a pension of $1200 to Mrs. Fletcher beginning July 15th. This gives us much gratification.

I wonder whether Dr. Pritchett is willing also to take action with regard to Professor Ramsay Wright. We have paid him for the month of October, though according to our understanding our last payment to him was to be for September of this year.

I am,

Yours sincerely,

President.

Dr. Clyde Furst,

Carnegie Foundation.

My dear Mr. Patterson,--

The Carnegie Foundation desires to ascertain as closely as possible the changes which take place amongst the teachers of the associated colleges during this period of war stress. In carrying out this intention we have tried to arrange the matter in such form as to give the colleges and their officers as little work as possible. I enclose with this, therefore, a list of the officers and instructors registered in your institution on the first of April last. Will you kindly run through this list and mark with a pencil the names of those who have withdrawn from the university? In addition to this, we shall be very grateful if you could indicate whether those who have retired have gone to another college, have given up teaching, or have entered the military or naval service of the United States.

I beg that you will give us your assistance in this matter, and that you will return this list at the earliest possible moment.

Sincerely yours,

Henry S. Pritchett

President, Carnegie Foundation for Advancement of Teaching,

Dear Sir:

In reply to your request of the 24th inst. I am returning to you the list of our staff, and have endeavoured to mark in the various columns the information desired.

With regard to those on military service I have put in the "full time" column the words military service, and in the margin the salary paid by the University, in most cases being half pay.

Professor Tracy was made a full professor a year ago.

Assistant Professor C. T. Northup resigned and is on the staff of the University of Chicago.

Lecturer J. P. Wallace resigned and is now teaching in the Toronto Technical School.

I have also noted in the margin those who have not been re-appointed.

Yours very truly,

President's Secretary.

Dear Sir Robert:

We are today having sent to you by the printer, by parcels post or express, a package containing a number of copies of a statement made by the trustees of the Carnegie Foundation for the information of the teachers in the associated colleges and universities. A sufficient number of copies are sent to furnish one to each professor and instructor and to each administrative officer of similar rank. May I ask that you will have these placed in the hands of these teachers and officers?

Dear Dr. Furst:

I have read through carefully the rules for the acalesion of institutions and for the granting of retiring allowances which you sent to me and I have no change to suggest as arising out of the discussion which was held at the Committee in April.

The one matter that I should like to bring up in the future is the securing of some decision as to the status of lecturers.

With kind regards, I am,

Yours sincerely,
